SUBJECT: Changes to 2nd Draft (15 May 74) Titled: Criteria for  
Evaluation of Collection Performance Against NGA  
Warsaw Pact Ground Force Units and Selected  
Installations

1. (U) Reference the Study Group meeting of 30 May 74 regarding the 2nd Draft, this subject.
2. (S) Enclosed are page changes to subject document, denoting those changes agreed upon at the 30 May meeting. These changes primarily reflect administrative changes caused by the addition of the Soviet Non-Divisional Artillery Units or to correct typing errors. The only exception is paragraph 7, page 5, which has been changed to reflect the agreed upon wording developed during the 30 May meeting of the Study Group.
3. (U) I suggest that this material be forwarded through your office to the Study Group members, as an enclosure to a memo from you, indicating that unless further objections arise, the final draft should be considered as approved Study Group guidance for this portion of Part I.
4. (U) For your information, I have begun to prepare a draft paper outlining the Part I search problem together with an outline of the input we will require of the intelligence community. I hope to have this draft paper available to you by late next week. I believe a meeting to review this initial draft would be appropriate during the week of 17 June.
